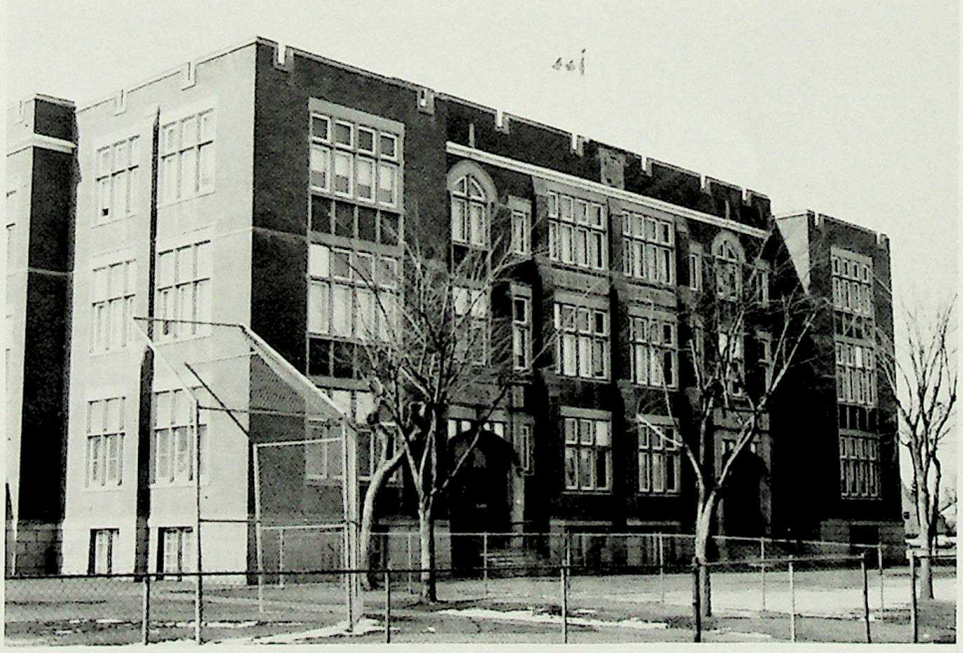
PARKDALE PAGEANT

PARKDALE

1976-77

SECOND TO NONE



Principal's Message

A rancher, finding himself short of help during the late summer, went to hire a handy-man to look after things around the ranch headquarters while he and his crew were out on the range. He asked at all the usual places in town but found no one wanting work. He was about to return home when a sixteen-year old boy came up and offered to work.

"What can you do to help me?" queried the rancher. The boy's reply startled him. "I can sleep while the wind blows".

The rancher questioned the boy but he would admit to no other talents. Finally, because there was no-one else, the boy was hired.

That evening the boy was given careful instructions regarding care of the animals and the other duties he was to perform. The next morning the rancher and his crew left for several day's work on the range.

After three days out, the rancher had cause to return to the ranch. He arrived after dark and promptly went to bed.

During the night a severe windstorm struck. It wakened the rancher who quickly dressed and rushed out to get the boy to help fasten everything down against the wind. The boy would not waken!

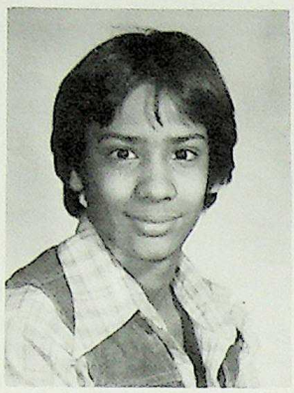
After several futile attempts, the rancher left the sleeping lad and hurried out to save his buildings.

He found all the barn doors fastened. The stacks of hay were securely tied with ropes. The animals were all safely penned. The gates were all closed.

Now our rancher realized what his hired boy had meant. "I can sleep while the wind blows".

There are times when winds of adversity threaten the security of our lives. Those who have foreseen these dangers and have provided against them are able to face them calmly while others around them panic. Can you "sleep"?

President's Message



As President of the Parkdale Students' Union, it's my pleasure to address the student body for the final time.

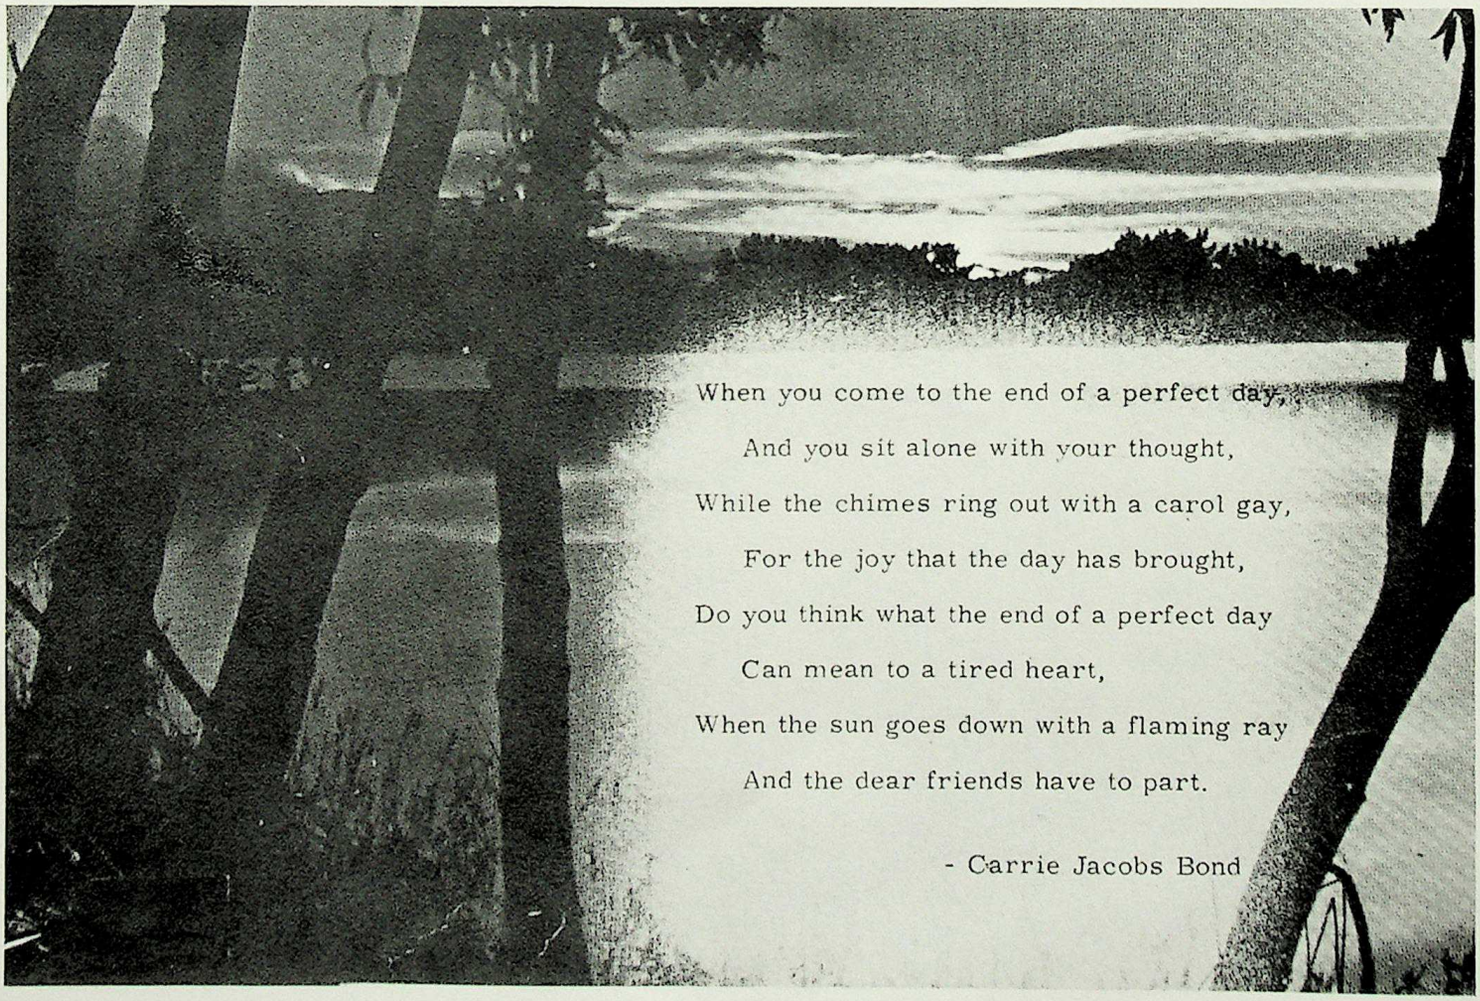
First of all, I would like to thank the eager Student Council which I had backing me up.

Although we were not quite as successful in our drive to serve the students as I would have liked, I must say it has been quite an enjoyable year for me.

Our fund-raising drives like hot-dog sales and collecting bottles all helped in our drive for success.

As a proud member of the Grade Nine class, I hope we all enter Grade Ten with fond memories of Parkdale. I hope we will all cherish the Hallowe'en dance, Learn-a-Thon, and of course, graduation.

In closing, I would like to thank all the people who made our Students' Union possible, and uphold Parkdale's motto - Second-to-None.



When you come to the end of a perfect day,
And you sit alone with your thought,
While the chimes ring out with a carol gay,
For the joy that the day has brought,
Do you think what the end of a perfect day
Can mean to a tired heart,
When the sun goes down with a flaming ray
And the dear friends have to part.

Valedictory Address

Mr. Olsen, teachers, parents, and fellow graduands:

I'm very proud and honoured to have been chosen to bid farewell to Parkdale School on behalf of the 1977 graduating class.

As we unite today as one class, we look into the future with feelings of challenge and excitement, but we also cast our thoughts back over our past elementary and junior high days. We all share memories from our elementary years such as; the first day of school, recess, pushing and shoving to be first in line, bringing flowers to the teachers (who probably suffered with allergies), hiding in the washrooms from supervising teachers, counting valentines, and in time finally taking over as school patrols.

Then came junior high; with no recess, messy lockers, timetables, gym uniforms, friends whose incorrect math answers were copied so eagerly five minutes before class, undone assignments, and the ones that were confiscated for being done in the wrong class, student elections, and dances (where the girls danced, and the boys ate).

Now this has all come to pass, and each of us go our own separate way down the road to maturity. As we say "farewell", may I on behalf of my fellow graduands, extend a sincere thank-you to our parents for their encouragement, patience, and trust; and to the Parkdale staff who gave their time so freely to help us with our numerous problems and without whose constant assistance we could have not come this far.

I wish everyone of my classmates every success in the years to come, and the realization of their hopes and dreams.

Let us remember:

The world turns aside to let any man pass
Who knows where he is going.

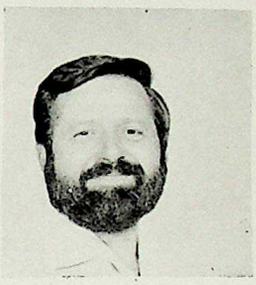
Carrie Jacobs Bond



We would like to thank Mr. Zalitach, for helping us put together the yearbook with his good advice and never-ending patience.

-The Yearbook Staff

We would like to thank Mrs. Mihalcheon, our secretary, for her efficient typing and her never-ending patience when helping us.
-The Yearbook Staff

On March 11th and 12th, Parkdale's Grade IX students participated in our 5th annual Learn-a-Thon. Students taking part were obliged to stay awake from 9:00 a.m. Friday until 6:00 p.m. Saturday and to participate in learning activities conducted by staff members who volunteered for three hour shifts. Each Grade IX student received pledges from friends, neighbors, relatives, and teachers for each hour that he or she participated. The money was then used to finance a June camping trip to Jasper for the Grade IX classes.

We would like to thank all of the teachers who contributed their time and patience for the 1977 Learn-a-Thon. A very special thanks to Mr. Manuel who even though he wasn't one of our regular teachers helped make our project a success.
